

## THE BARRE DAILY TIMES

Subscriptions: One year, \$3; one month, 25 cts; single copy, 1 cent.  
 Members of the Publishers' Press.—The latest telegraphic news from all parts of the world are received by the Daily Times up to the hour of going to press.  
 Frank E. Langley, Publisher.  
 Published Every Weekday Afternoon.  
 Entered at the postoffice at Barre as second class matter.  
 SATURDAY, SEPTEMBER 26, 1903.

The average daily circulation of the Barre Daily Times for the week ending Saturday was

**2,804**

copies, the largest paid circulation of any daily paper in this section.

### A GAIN OF 400

In the daily circulation of the Times since Jan. 1st is something no other Washington county daily can show.

The circulation statements of the Times can always be verified by anyone who so wishes. Press room, circulation books, paper bills and all that pertains to the circulation of the Times are open to the inspection of all. Is there any other Washington county daily that will show up in like manner?

Editor Hindley of the Vergennes Enterprise and Vermontor suffered with a defect of the eyes this week, but that did not seem to dull the point of his editorial pen in the least.

The dedication of a tablet to the memory of Lafayette by the Montpelier council of Daughters of the American Revolution which bears the distinguished Frenchman's name, was a fitting recognition of a man without whose aid the United States might not today be in existence.

Vermont's three institutions for advanced education opened their doors this week, and in common with the other colleges and universities of the country, a largely increased enrollment was made. Of the institutions thus far heard from scarcely one has failed to record a larger entering class than usual, and in this the Vermont institutions have been similarly favored. At the University of Vermont, the largest and best equipped of the three, there is a class of about 120 enrolled. At Middlebury college, the oldest of the three, a class of 45 have started their courses. Norwich University, the "military college" of the state, has 52 men in the first year class, the largest that has entered since the college was moved from Norwich to Northfield. In all three institutions the prospects for the year's work seem most favorable.

## Do Not Dose the Stomach

Cure Catarrh By Nature's Own Method—Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by dosing the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

The Red Cross Pharmacy has sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

### STRONGEST EVIDENCE OF FAITH

Rickert & Wells Guarantee That Hyomei Will Cure the Worst Case of Catarrh in Barre.

When one of the most reputable concerns in Barre guarantees that a medicine will effect a cure or they will refund the money, it speaks volumes as to the merits of that remedy. It is in this way that the Red Cross Pharmacy is selling Hyomei, the treatment that has made so many remarkable cures of both acute and chronic catarrh in Barre and vicinity.

Hyomei is not a pill nor is it a liquid that has to be taken with a tablespoon or wineglass. Just breathe it by the aid of an inhaler that comes in every outfit and benefit will be seen from the first treatment.

It destroys all germ life in the air passages and lungs and enriches and purifies the blood with additional ozone. It cures catarrh of the head and throat, or of the stomach, liver and kidneys. Wherever mucous membrane contains catarrhal germs, there Hyomei will do its work of healing. When using this treatment, the

The renomination of Seth Low as a candidate for mayor of New York city by the Citizens' Union and Republicans Wednesday evening is a fitting compliment to an administration which is opposed to the principles which made Tammany's rule disreputable. The statement in the platform that his "is the record of the best administration that this city has ever known" is superfluous as all who have watched the progress of affairs in the metropolis can testify. The Boston Transcript, in commenting on Low, says, "For nearly a year now everything connected with the government of New York city has been on the up grade. The redemption organization has been true to its pledges, and grafts, blackmail and the protection of crime have been rooted out as far as it has been possible to do it. The standard of administration is one of decency and honor, and with another two years' continuance it could still more conspicuously justify public confidence." No decent citizen can hope for anything but the defeat of the ring which has so debased New York.

**atom. Before Romulus.**  
 Excavations in Rome prove the city to have existed long before the time of Romulus, so the story of his founding of the Eternal City is as mythical as that of his being suckled by a wolf.

## ABOUT THE STATE.

Items of Interest Gleaned From Our Exchanges.

The directors of the Dog River Valley Fair association have not yet got the figures of the fair receipts and expenditures fully in shape to know the exact result but it is believed that the totals will not vary much from last year. The gate admission amounted to \$1,810 and the grand stand receipts were \$142.75.

Twenty two town and city clerks did not make a proper return of the grand list statements which are required by law to be sent to the secretary of state. It is a fact that most mistakes are made by the town clerks of the larger places, and they have been notified by Deputy Harvey to make the required corrections.

The Randolph Co-operative creamery for the year ending August 31, made 302,800 pounds of butter, netting at the creamery \$89,573. The average cost to make, including the reserve, was two cents a pound. Smallest number of patrons during the year, 155; largest, 155. The annual meeting for the election of officers occurs Monday, Sept. 28, at 2 o'clock p.m. in Edson's hall.

The sweet corn that has been raised this year by farmers of Randolph and vicinity for the Northfield canning factory is being shipped from this station this week at the rate of two carloads a day. There will be 15 or 20 carloads in all—less than half what was anticipated, owing to the unfavorable season. At Northfield there is almost a complete failure of the crop. The corn is shipped in the ear, unhusked, and raises get 88 per ton at the car.

Deputy Sheriff Lamson of Randolph was in Burlington Saturday and returned with John Domine whom he arrested on a charge of embezzlement. About a week ago Arthur Adshade was taken to the county jail unable to pay fines imposed for several different offences. Domine went to Adshade's mother and obtained \$11 from her promising to pay the rest of young Adshade's fines and costs from his own money. He, however, misappropriated the money and went to the Northfield fair and from there to Burlington where he was arrested. Justice Hutchinson bound him over to the county court. Bail was fixed at \$300, which he will not be able to obtain. He will have to stay in jail at Chelsea until the December term of court.

### SIRENS AND SONS.

Sir S. Tatton Sykes, the richest baronet in England, has a passion for overcoats and wears a new one every week. J. Pierpont Morgan has one of his country homes situated in wilds so remote that deer from the adjoining forest nibble the honeysuckle decorating its veranda.

Senator Thomas Patterson of Colorado says that one of the most enjoyable periods of his life was the two weeks he spent traveling with a circus in southern Michigan.

Harry Lehr's big brother William is a sort of major domo for the Astor family. He arranges its entertainments, issues invitations and looks after its recreations generally.

Giovanni Oreglia, a nephew of the Italian cardinal, is chef at the Victoria hotel in San Francisco. He has lived in this country eighteen years and says he has no desire to return to Italy.

Senator Hoar is well to do. His family has been in comfortable circumstances for generations. He has lived carefully, though well, and his possessions have increased moderately with time.

Only three of the famous electoral commission of 1877 survive—ex-Senator Edmunds, Senator Hoar and General Eppe Hunton of Virginia. All of the five justices of the supreme court are dead.

Hon. Katsuka Kenkichi of Tokyo, Japan, president of the lower house of the Japanese parliament, is a devout Christian man and holds meetings in his house, where the principles of Christianity are explained.

Captain Abner Randall of Portland, a native of Harrington, Me., is one of the old time salts. He is eighty-four and still continues in the coasting service as skipper of the schooner General Banks. His mate is eighty-two, and the schooner herself is forty.

J. B. Haggins, the noted horseman, has raised some of the greatest racers of which the American turf can boast, but he has never been heard to yell at the closest finish, nor does he even smile at victory. His record for taciturnity is almost without parallel.
